

# WSO - DVD Library

**The red type in the list below designates the new DVDs that have been added to the library in 2021.**

**Don Andrews** *“Making Watercolors Glow”* (90 min) **Reach** deeper into the pigment well, intensify your paintings with lush exciting color and gain more intimate understanding of the medium.

*“Watercolor Workshop”* (70 to 90 min. each) 5-disc set. Painting With light, Granulation, Painting Figures in the Landscape, How to Loosen Up, Painting Negative Space.

**Sue Archer** *“Commanding Color”* (2) (2hr 20 min) Sue employs ideas to realize the bright, clean colors and strong light that define her work.

**Anne Bagby** *“Pattern & Form: Advanced Collage Techniques”* (115 min) Anne teaches you dozens of ways to refine your compositions, print custom paper, master essential patterns, and use drawing, glazing, and stenciling techniques to create stunning figure designs.

*“Collage: Paper, Patterns & Glazing”* (90 min) You'll create your own stamps, masks, stencils, and paper as you build a truly customized collage. Work fast and free, layering homemade paper and lush acrylic glazes to design an intricate and eclectic figure.

**Linda Baker** *“Fearless Watercolor Laying and Color”* (59 min) Beginner friendly workshop. Layering fresh, glowing color as you create a one-of-a-kind nature scene.

*“Layers of Design in Watercolor”* (88 min) Keep the color flowing with Linda. Begin with meticulous planning and masking that allow for total freedom.

**Ann Baldwin** *“Text & Texture in Mixed Media Collage”* (2 hr) Ann combines the design possibilities of text with the versatility of acrylics. You'll get step-by-step demos of each piece of the collage process as you layer text with glowing colors and intriguing textures. You'll crop, tear, and layer clippings to turn letters into abstract elements. Then you'll create original text with paint, pens, stencils, crayons, and computers.

**Mary Todd Beam** *“An Acrylic Journey...from Trash to Treasure”* (70 min) In this delightful video workshop, Mary, using a yard sale for inspiration, shows you how to create a treasure.

**Susan Bourdet** *“Bold and Beautiful, Backyard Wildlife in Watercolor”* (3) (75 min) Wildlife painter and print artist, Bourdet demonstrates tips on photographing wildlife, shows you how to create luminous wet-into-wet backgrounds, dry brush weathered wood, spattering, and the use of gouache to add sunlit sparkle. She also demonstrates how to achieve depth while maintaining the illusion of soft feathering and delicate vibrant flowers.

*“Inspiration from the Garden in Watercolor”* (2 hr.)

**Gerald Brommer** *“Creating Abstract Art”* (30 min) Demos of four methods to create abstraction in painting simplification of shapes, distortion, emphasis on overlapping shapes, fracturing, and contour continuation.

*“Watercolor and Collage”* (60 min) Known for his richly textured paintings, Brommer adds texture to watercolors with rice paper collage. Demo is a landscape from concept to finish.

**Carrie Burns Brown** *“Water Media Collage Workshop”* (75min) Carrie brings your collages to a new level. She shows how to make richly textured papers and personalized stamps, how to sandwich fibers and to alter preexisting materials to make them more personal, as well as how to use color harmonies and simple design structure to strengthen your work.

DVD Library updated April 2021

**Robert Burridge** *“Loosen Up in Acrylics”* (107 min.) Beginning acrylics to learn composition. He is constantly moving and talking. Fun DVD to learn from.

*“Abstract Painting & Collage”* Robert begins his abstracts from Concepts, Composition, Color and Commitment. He is a very fun teacher to watch.

*“Abstract Florals from Loose Colorful Splatters”* (79 min)

**Betty Carr** *“Capturing Limited Light with Expressive Brushwork”* (120 min) From four camera angles Carr shows her techniques for painting darks first to create depth and energy. Thinking like an oil painter and sculptor she “carves” depth out of her watercolor and uses expressive, dancing brushwork. Artists of every experience level will benefit from the tips and gems of wisdom from this artist.

**Alvaro Castagnet** *“The Passionate Painter in Antwerp”* (90 min) His paintings capture the essence of his subjects with passion, boldness and elegance.

*“Inspired Watercolour”* (90 min) His strong and colorful style captures the soul and mood of the place.

### **Cheng-Khee Chee**

*“#2-Traditional Watercolor Approach”* (1 hr. and 45 min) Working from several resource, he explains shapes and figures to strengthen the design.

*“#3 –Saturated Wet Technique”* (95 min) His signature style of working wet in wet, applying and lifting color.

*“#4 – Splash Color Technique”* (96 min) He demonstrate how to create rich texture and flexible risks.

**Julie Cohn** *“The Dance of Watercolor – Luminosity, Luster, and Iridescence”* (90 min) Suited for those interested in painting the effects of luminosity.

**Tony Couch** *“Painting Barns in Watercolor”* (50 min) Painting on location, Couch demos step-by-step what he’s doing and why while painting barns, weeds and sky. Camera shows many close ups in this easy-to-follow format.

*“Painting Streams, Rocks and Trees in Watercolor”* (55 min) Couch shares his skills as he portrays a mountain stream, trees, weeds and rocks. He arranges light, middle and dark values to create a center of interest and see how color, lines, shapes and texture are used to develop strong design.

**Carl Dailo** *“Color Power”* (3) (120min) Carl uses lush color and active brushwork to create colorful, energetic environments. He uses a limited pallet and a quick sketch with simple figures and paints the scene in a logical yet free manner.

*“Sketching in Perspective”* (83 min) Carl presents the theories and application of perspective drawing in a way suited for artists. Techniques for spacing, orientation, and measuring distances.

**Ratinda Das** *“Painting a Personal Reality”* (62min) *Das* gives us a wonderful example of how to shake-off old habits and listen to our muse. His strong design sense and willingness to question common expectations permit new freedom and individuality in watercolor.

**Jane Davies** *“Scribble Collage with Hand Painted Papers”* Learn Jane’s approach to glazing, texturing, spritzing & blotting, painting, mono-printing, spattering, gel plate, resists, alcohol, sumi ink, altered paper, staining and layering. You’ll learn over a dozen ways to make beautiful paper that will have your own personal touch.

**Sterling Edwards** *“Painting Luminous and Stylized Florals”* (85 min) He is a contemporary master who will share his style to incorporate the foreground and background at one time.

*“Easing Into Abstracts-The Taos Experience”* (34 min) Edwards slowly incorporates abstract elements into his art to help you loosen up.

*“Positive Results With Negative Painting”* (65 min) Journey along with Sterling ashe gives you an in depth look at this powerful tool.

*“The Essence of the Southwest”* (60 min) Learn Sterling’s expressionist style of balancing abstraction and representational design to capture the mood and dynamics of the scene.

*“Colorful Birch Trees”* (53 min) Combining many of the elements he is known for, Sterling’s Colorful Birch Trees incorporates negative painting, watercolor washes, color and texture, positive shapes, and many other elements of painting.

*“A Gentle Snow”* (54 min) Edwards teaches how to create loose edges, falling Snow, and beautiful snowy hills and trees. Learn negative painting techniques, color mixing, and opaque watercolor effects.

**Rene Eisenbart** *“Marbling Magic”* Rene will show how to set up for marbling and how to use simple tools to make a variety of patterns in a clear approach.

**Francesco Fontana** *“Watercolor – the Italian Way”* (2) (129 min) The Alla Seconds Method – capturing the moment and letting deep emotions and memory guide you.

**Frank Francese** *“Fast and Loose with Frank Francese”* (48 min) AN exciting entry level DVD focusing on painting nature scenes, figures, autos and city scenes.

**Don Getz** *“Watercolor Journaling for the Traveling Artist”* (66min.) (Beginner) The thrill of creating watercolor journals lies in the simplicity of the entire process; a travel palette, a pencil or pen, a journal book with watercolor paper and personal time. Don will help you find enthusiasm and inspiration when creating your own personal watercolor journal.

**Jane Gidlow** *“The Art of Colored Pencil”* (90 min). Jane covers a few basics in this video then jumps into a project from conception to completion. She shows her; photo selection, composition, cropping, modified grisaille approach, color layering, and light touch approach for flexibility and elegance.

**Jean Grasdorf** *“Painting Transparent Watercolor- Pouring Technique”* (68 min) Jean demonstrates her technique using transparent watercolors without a brush, masking and pouring.

**James Gurney** *“Watercolor in the Wild”* (90 min.) Six plein air paintings with new jig and pencils. Bridge, houses, animals.

**Jean Haines** *“Amazing Ways with Watercolour”* (2) (2 hr.) Jean will show you techniques to help create paintings full of light with flowing and evocative strokes.

*“Watercolour Passion”* (2hr) Designed to free-up your paintings and release the true creativity in you.

**Polly Hammett** *“Design with the Figure”* (2) (90 min) Hammett utilizes a unique, multifaceted design approach as she develops and completes a painting. She discusses all her design considerations including interaction with models, contour drawings, background, light and dark patterns to achieve a strong visual statement, and others. Her approach to design is applicable to any subject, and she also shares insight on subjects integral to being an artist.

**Susan Harrison-Tustain** *“Painting Watercolor My Way”* (5 hours) Susan holds nothing back in teaching multi-layered transparent colors. Understand why she does and selects methods. 2 DVD set.

**Susan Harrison-Tustain (Continued)**

***“Watercolor Portrait Workshop”*** (3 hours) Naturalistic realism techniques to portrait painting. Beautiful natural skin tones. Master eyes, hair, lips and fabric. 2 DVD set

***“Watercolor Masterclass – Life-Like Leaves and Vibrant Greens”*** (4+ hrs. 2 DVDs) In depth instruction and demonstrations. Learn observation and analysis.

**Don Hatfield *“Fantasy Portraits: at Sea”*** (Oils) (147 min) This one of a kind painting style takes all of the fun elements of Plein Air painting and impressionism and puts them together for a unique indoor painting experience.

***“Fantasy Portraits: in the Garden*** (Oils) (136 min) In this DVD Don will teach to a live studio workshop class. He will meet with students throughout the class to answer questions and critique.

**Joyce Hicks *“Hilltop Homestead – Transforming the Landscape in Watercolor”*** (2hr 11 min) Dynamic brushwork and expressive use of color combines in a unique way giving paintings a fresh, welcoming look.

***“Roses and Lilacs”*** (2 hr.) Dynamic brush work with emphasis on elements and principles of design.

**Marc Taro Holmes *“Urban Sketching – Drawing Birds”*** (69 mins) Marc shows simple steps to draw and paint beautiful birds from life in pencil, pen, and watercolor. Review sketching gear and strategy.

***“Urban Sketching – Panoramic Landscape Painting”*** (60 min) Learn to draw and paint an exciting landscape vista on location in pencil, pen, and watercolor.

***“Urban Sketching – Drawing People in Places”*** (81 min) Learn to paint the action of a lively street on location in pencil, pen, and watercolor.

***“Urban Sketching – Drawing and Painting in a Travel Journal”*** (100 min) Learn how to draw and paint landscape elements, buildings, figures and portraits in your journal.

**Michael Holter *“7 Steps to Watercolor Landscapes”*** (4 hours) Impressionistic landscape and people. Learn to plan, paint people and elements with motion and style.

**Karin Huehold *“A Little Watercolour”*** (120 min) Learn about this new watercolor method of miniature watercolors. Information for beginners to advance is shown on 4 cameras to ensure you clearly understand.

**Taylor Ikin *“Dancing with Yupo”*** (120 min) The versatility of the synthetic paper gives Taylor the freedom to play. She explains how to paint, draw, revise and erase on Yupo.

**Paul Jackson *“New Perspectives in the Landscape”*** (82 min) Detailed tips on establishing light and shadow in landscape, trees, and skies.

***“The Illusion of Glass”*** (108 min) Tips to overcome common photo and still life pitfalls. Learn how to capture the translucent and distortive nature of glass.

***“Nighttime in the City”*** (111 min) Discovery multiple ways to manipulate reflection in your painting. Paint glowing street signs, sidewalks and busting people.

***“The Color of Sunset”*** (108 min) Details to overcome common photo pitfalls, learn ways to manipulate light, paint landscape with water, trees, and clouds.

**George James** *“Mastering Yupo - Techniques for Synthetic Paper”* (2) (75 min) James has developed a process that promotes predictable results and a creative flexibility unheard of using regular watercolor paper.

*“Designing for Content, Yupo Master Class”* (3 hr.) **James** leads you through his methods for bending and shaping the rules to fit his artistic expression, using concepts like direct experience, visual rhythm, point of view, emotional color, creative freedom and painterly action to create a personal painting on Yupo.

*“The Artistic Process-in Yupo”* (90 min.)

**Tom Jones** *“Winter in Yellowstone”* (50 min) Tom will share his tricks of the trade and take you step-by-step through his painting process.

*“Watercolor Storytelling”* (65 min) Part of capturing the beauty in your art is by retelling the story of when you were there. In this lesson, you will learn how to create tone, mood, and emotion in your landscape work.

*“Tropical Cottage”* (50 min) Grab your brush and learn all about creating light and designing realistic landscapes.

*“Fire on the Mountain”* (50 min) Join Tom as he teaches you how to recreate a dramatic mountain forest scene. He will take you through this complete painting step-by-step by using a variety of colors and techniques.

*“Frosty Morning”* (56 min) Tom shows you how to create one of his favorite Smoky Mountain scenes. He’ll teach you lots of fun tricks and techniques that will help you master watercolor painting.

*“Tropical Backlighting”* (52 min) Watch as Tom creates a beautiful beach scene using an innovative backlighting technique. Learn to master juxtaposition in your painting and construct stunning silhouettes as they appear in nature.

**Bev Jozwiak** *“Painting Life with Life in Watercolor”* (2) 5 disks – Snowy Owl, A Mother’s Love, Atlanta Chef, Southwest Style, The Red Tutu.

**Linda Kemp** *“Painting Outside the Lines”* (88 min.) A positive approach to negative painting. An art school in a DVD

*“Negative Painting Techniques”* (2) (111 min) She teaches a painting around the object along with brush strokes, edges, color mixing and value contrast for powerful end results.

**James Kirk** *“Figure Drawing and Painting”* (59min) The focus is on understanding principles and stimulating creativity, rather than on systematic imitation. Kirk first shows the use of dry media in drawing and sketching, then demonstrates the application of the same skills to a watercolor painting of a nude.

*“Portraits in Watercolor Part 2- Magic of Light and Dark”* (we don’t have Part 1)

**David Kitler** *“Draw with Confidence: From Basic to Brilliant”* (2 hrs. 36 min) From an internationally renowned nature and wildlife artist, learn the process for capturing accurate likenesses in the wild or in the studio. 2 DVD s.

**Jan Kunz** *“Watercolor Portrait Painting”* (3) (65 min) Comprehensive guide to vibrant, life-like portraits. Includes *printed* step-by-step explanation, value scale and color/pigment wheel.

*“Painting Watercolor Portraits – A Simple Approach from Photos to Finish”* ((2) 80 min) She teaches how to raking resource photos that contain the necessary subtle details and dramatic value shifts required for success.

*“Painting Roses in Crystal”* (55 min) Paint along with Jan as she demos how to create the illusion of sunlight flooding through a crystal vase filled with roses. Learn to suggest translucent petals and reflected light from glow. Includes printed materials and full color print of final painting.

**Ed Labadie** *“Design Dynamic Paintings”* (2) (66 min) Ed simplifies the essentials of design and composition. In this video he helps the painter to identify problems, resolve them and to master the fundamentals to improve your paintings.

**Robbie Laird** *“Flowing Florals, the Informed Intuitive Approach”* (3) (133 min) Robbie teaches you how to prepare before beginning to paint. She encourages the exciting fluid richness of saturated color, then reenters the painting to manipulate edge quality, enhance colors, lift areas, scrape lines and create seamless transitions. She also adds gesture and accent color to her paintings with pastels.

*“Layered Watermedia Workshop, Part 1, 2 & 3”* (2 sets) This is the recording of Robbie’s WSO Workshop done in Salem.

**Dale Laitinen** *“The Language of Landscape in Watercolor”* (110 min) Use bold color to create drama as you paint the great granite cliffs of Yosemite. Learn to take photos that maximize the glory of the mountains. Modify your sketch to highlight features.

**Skip Lawrence** *“The Secrets of Color Set”* (117min). This DVD will help clarify and refresh your artistic visions and will bring new excitement to your work. By understanding the secrets of “Value”, “Hue” and “Intensity”, every artist can make design decisions, not design accidents.

*“Figure Painting, Fast & Fun”* (45 min) If you are hesitant, fearful or just unpracticed at painting figures in your paintings, this is the video for you. Skip demonstrates a simple, sure-fire, never fail method of painting expressive figures that add excitement to your landscapes, meaning to your greeting cards or life to a sketch book.

**Brent Laylock** *“Inspired Watercolour”* (115 min) Learn to paint without drawing. Loosen control and learn how to regain it.

**Doug Lew** *“Painting Motion in Watercolor”* (87 min) Doug shows you how to use composition and a variety of strokes to create a sense of movement. He describes four techniques to depict motion.

**Tom Lynch** *“Capturing Mood and Expression in Watercolor”* (60 min) In this video, Lynch teaches you how to make your paintings so expressive that your viewers will be overwhelmed by the mood. You will learn how to decide on a mood, how to start and how to exaggerate the mood. He demonstrates establishing the impact area, the use of 4-juicy colors and how to avoid details.

*“Marketing Your Art”* (60 min) In an interview format, Lynch offers inside information on his tried-and-true methods for creating a steady demand for your work. He answers questions on setting goals, target marketing, developing mailing lists and determining prices for your work. He also discusses creating demand, working with your gallery, trading or bartering, publicity and doing commissions.

*“Special Effects in Watercolor, Part 1”* Tom shows how to perfect a variety of special effects will heighten the effect of your painting. He covers spray bottle edges, tissue clouds, spray bottle leaves, tree trunks and branches, sunset sky, sparkle on water, and more.

**Gordon MacKenzie** *“Improve Your Water Painting Techniques in Watercolor”* (45 min) Painting water can be one of the most visually pleasing, but quite often a challenge. Learn a series of techniques in mastering painting water – ocean waves, looking through water to rocks below and creating depth with light shafts.

**Dr. Martin’s** *“Hydrus Fine Art Watercolor”* (45 min) This is a demonstration tape on the use of Dr. Martin’s bottled concentrated liquid watercolors. There are several demonstrations on how the staining vibrant pigmented watercolors can be used to over paint while keeping the color integrity and allow the lighter colors below to show through.

**Trish McKinney** *“Nature’s Palette”* (80min) Trish demonstrates playful experimentation with pouring acrylic and watercolors as well as incorporating elements of nature, such as leaves, grass, twigs and plants. She focuses on using elements of design and drawing to create a captivating piece of art.

**Suzanne McNeill** *“Zentangle”* (97 min) Zentangle is an easy to learn method of creating beautiful images from repetitive patterns.

**Mark Mehaffey** *“Build Design and Color Using a Mouth Atomizer”* (2) (110 min) Mehaffey uses a straight forward approach to design and discusses the use of resource materials, color and values and how to establish a focal point. He also demonstrates how to use complimentary colors and uses an inexpensive tool, the “mouth atomizer” to blow watercolor in solution for beautiful, smooth transitions in large areas.

*“Painting a Dramatic Landscape in Watercolor”* (100 min) Mark explains and demonstrates how to plan and paint a dramatic landscape by using a few strong shapes, bold colors and a limited palette.

**Joe Miller** *“Splattering Techniques With Joe Miller”* (33 min) Follow along as Joe illustrates several splattering techniques. Watercolor and toothbrush, spray bottle, and using splatter screens.

**Annette Mitchell** *“Foam is Where the Art is”* (104 min) Annette demonstrates a completely approachable and affordable method of printmaking that American Artist magazine has described as “Elegant Prints Form a Foam Plate”. The process requires no press or expensive equipment. Follow the easy, step-by-step instruction, and you’ll be exercising your creativity and producing archival prints with ease.

**Judy Morris** *“Tuscan Textures, Rich Textures Using Salt”* (75 min) Judy shows how to choose the right colors and salts to achieve amazingly rich textures.

#### ***“Watercolor Start to Finish”***

**Barbara Nechis** *“Watercolor from Within- Transparent Layering”* (2 hr.) You’ll learn to make principled design decisions confidently and quickly as you develop a loose, direct painting into intricate layered composition.

*“Tools for Transforming Troubled Watercolors”* (110 min) Don’t toss your problem watercolors – let her show you how to use them as a learning opportunity.

**Richard Nelson** *“In Retrospect”* Creator of Tri-Hue Method, with demonstrations of his paintings.

**“Lessons”** He will help you see things for what you paint. A web site on a CD.

#### ***“Dimensions of Color”***

**Claudia Nice** *“Painting Trees in Watercolor, Pen and Ink”* (91 min) She will show you how to create a realistic landscape with trees in close up and distant with emphasis on composition, color mixing, application and texture.

**Birgit O’Connor** *“The Star Flower”* (75 min) Create shape and shadows to add depth into the painting and learn how to paint multiple stamens without masking fluid. Learn how to get that glow inside the flower by glazing warm colors over cool and for the dramatic background let the color flow.

*“White Flowers and Water Drops”* (22 min) Birgit will show how to simplify and create depth and how to add dimension with water drops.

*“Rocks, Sand and Sea Glass”* (59 min) 2 disk lessons on creating stones, color, shape of sand, shells and pebbles.

*“Atmospheric Landscapes”* (60 min) Capture the essence with large atmospheric skies.

**Birgit O'Connor (Continued)**

***“Within the Flower”*** (40 min) Watch as I create a flower from beginning to end with smooth washes.

***“Waves, Water & Clouds”*** (85 min) Follow along to develop the tools you need to build waves, water and clouds

**Carla O'Connor “Figure Design in Gouache, the Process” (2)** (130 min) Carla uses the human form as a springboard for powerful expressive design. She works on gesso coated paper. She uses interlocking shapes to create direction and movement, and establishes a strong value pattern. She layers darks and lights to create textures and patterns and juicy transitions.

**Gloria Page “Art Stamping Innovations: Carving Workshop”** (2 hrs) You’ll first learn the basics, from the benefits of a variety of stamping materials and commercial art stamps, to less traditional supplies, to the use of carving tools to create your own unique designs. Gloria introduces a variety of inks, paints, embossing products and bleaching materials, plus shows some exciting combinations of stamps, papers and fabrics.

**Arleta Pech “Pure Color Glazing in Watercolor”** (75 min.) Arleta Pech walks you through the process of creating a vibrant watercolor. She discusses photographing the subject, enlarging it to fit the paper, creating rich backgrounds, color choices to help ensure mud-free paintings and the process she calls “*pure color glazing.*” A great technique for any subject.

**Jean Pederson “Wet Glazing Watercolor Portraits”** (2) (1hr, 57min). Learn to paint expressive portraits by combining watercolor with other mediums. Jane uses a gradual glazing process of thin layers of transparent paint to keep portraits under control. She has short intensive demo’s on; facial proportions, layering values, reflected light, and other theory utilized in her final paintings.

***“Mixed Media Portraits: Beyond Realism”*** (3 hrs) Step away from traditional practices by using mixed media to create personalized portraits. Jean shows you how to make your portraits all your own, rather than copying exactly what you see.

**Herman Pekel “My Vision in Watercolour”** (90 min) Herman is an Australian plein-air painter that produces paintings full of atmosphere and light. He mixes traditional impressionistic values with a strong emphasis on technique to produce exciting loose darks.

**Ann Pember “Painting in the Flow of Watercolor on High Plate Illustration Board”** (110min) Ann creates a design that captures a mountain stream’s energy. She uses only 5 colors and 2 brushes and sequences the paint and water to create a delicate variety of textures. Moss covered rocks, dense forest foliage, and energetic currents of water come to life.

***“Vibrant Orchid”*** (110 min.) Ann teaches vibrant color and highlights specific pigments that she has come to trust.

**Eleanor Lowden Pidgeon “Courageous Watercolor”** (2 hrs.) Paint boldly and with vibrant colors, frame without glass, mount on gatorboard. Use thick paint for bold results.

**Lynn Powers “A Solid Start in Watercolor”** (2hr) Designed to help beginning artists to gain confidence in watercolor. Basic concepts, techniques and tips that help build a strong foundation.

**Stephen Quiller**

***“Color Foundation for the Painter A Complete Guide”*** (2 discs-8 hours). This provides a comprehensive guide to the use of color for the painter.

**Stephen Quiller (Continued)**

***“Color Concepts”*** (60 min) Comprehensive discussion and demo of color wheel and color schemes. Also explains hue, value and intensity relationships as well as dominant and subordinate color in a painting.

***“Complete En Plein Air - A Workshop with Stephen Quiller”*** (165 min) 2 DVD set. This program presents the complete package of how Stephen develops his approach for on-location painting. He discusses his own pallet, color relationships, how to mix any color, color families and luminosity.

***“Water Media Foundation for the Painter”*** (8 hr. – 2 discs). Comprehensive guide for watercolor, acrylic, gouache, and casein – all water soluble.

***“Complete Watermedia Workshop”*** (2 Disks) (165 min)

**Ron Ranson “Distilling the Scene”** (60min) Ron takes a step further in this video by concentrating on the design of a painting. He shows the pitfalls to avoid and the tips to follow to produce a more successful painting.

***“Watercolor Landscapes from Photographs”*** (60 min) His free, loose style will inspire us all from his photographs in his studio. He carefully selects a range of different photographs and use them as a guide.

***“The Components of a Landscape”*** (75 min) He outlines and demonstrates 3 paintings.

**Michael Reardon “Light and Color in LANDSCAPES”**, (103 min) Watercolor’s luminosity makes the landscape glow. Video focus is on capturing the light and shadow for dramatic effects.

***“Light and Color in Cityscapes”***, (105 min) The ease with which watercolor gradates from warm to cool, dark to light, and pigment to pigment captures the unique and ever-changing light of an urban scene.

**Leslie Redhead “Fun with Watercolor, Great Blue Heron”** Discover the excitement and joy of pouring watercolors.

**Charles Reid “The Figure in Watercolor”** (57 min) Demo of nude in a chair offers inspiration as well as insight into painting the figure. Work is masterful and full of surprise.

***“Portrait Painting in Watercolor”*** (2) Subject is a double portrait. Reid addresses the challenges faced by students of portraiture. With juicy transparent washes he captures the likenesses, not by painting the features, but by painting the light.

***“Painting Flowers in Watercolor,”*** (58 min.) Charles Reid shows you how with contour drawing of basic shapes and using bright juicy colors to paint flowers that sparkle.

***“Watercolor Secrets”*** (115min) This video tackles a variety of topics. The first being the complexities of life drawing and painting from live models.

***“Watercolour Landscape is Masterclass”*** (2hr 14 min) This DVD is our longest running DVD and a must for all to see. A chance to see every stage of the painting process.

***“10 Lesson Course”*** (4 hour) Take you paintings to next level with brushwork, understand local color and their shadows, composition, edges and more. 3 DVD set

***“English Watercolor Sketchbook”*** (105 min) In 4 full demonstrations, Charles shows how he paints on location, the importance of foreground interest and his inimitable painting and drawing technique.

**E. John Robinson “Seascapes in Watercolor”** (116 min) He will show you how to bring the sea to life in watercolor. Learn how to form a wave, see how water runs from rocks and how you can create realistic spray bursts.

**John Salminen** *"A Designed Approach to Abstraction" (2)* (120 min) John explains each of his step-by-step strategies. He shows us how he uses the design principles of dominance, texture, linkage and repetition to bring unity to the painting. You will learn how to paint with clear design principles as well as learn John's techniques, including the use of the mouth atomizer.

*"Urban Landscape in Watercolor" (2)* (2hr 30min) In this workshop, he uses the streets of NY to gather candid references for urban scenes. He teaches a simple system for accurately transferring his complex image to paper.

**Thomas Schaller** *"Capturing Light in Watercolor Figure Painting"* (120 min) Match your figures to their environment with two painting demonstrations. Learn to create a sense of energy and movement.

*"Capturing Light in Watercolor- How to Paint Cities"* (91 min) Learn how to paint vibrant cityscapes filled with light and energy. This is step-by-step demo where you will learn composition tips for architecture and how to use the light to create your focal point.

**Patricia Seggebruch** *"Encaustic Collage Workshop"* (84 min) Patricia leads you through three encaustic collage projects using dozens of creative methods and materials. You'll start with low-cost materials from stores you visit every week. She adds paints, powders and paper.

**Burton Silverman** *"Painting the figure in oil"* (88 min) Silverman takes watercolor to new areas of exploration, removing artificial separation between it and other mediums. Lay a ground, apply layers of paint, blend, model, lift, wipe off...you can, with his methods.

*"Drawing, the Language of Vision"* (105min) Silverman explains looking in graphic terms at the shapes and values that are used to compose a picture. He calls drawing a kind of sculpting, cutting out the shapes and then detailing them.

**Nicholas Simmons** *"Innovative Watermedia"* (2 hr.) He works large scale and reveals how challenges unique to media can be turned to the advantage, with stunning results. He uses blooming, crawl backs, bleeding, and puddling.

**Hazel Soan** *"The Essence of Watercolour"* (2 hr.) She focuses on use of transparent and opaque watercolor, looking at the brilliance of pigment.

**Gary Spetz** *"Painting Wild Places"* (2) (55 min) In this video, Spetz paints beautiful Lake McDonald of Glacier National Park, striving to capture the ambience of wilderness.

**Sue St. John** *"A Walk into Abstracts"* You will be introduced into unique way of learning and discovery of what abstract painting is all about. Stunning examples of paintings in the works.

**Mel Stabin** *"Painting Watercolors on Location with Mel Stabin"* (47 min) Mel's emphasis is placed on the essence of watercolor and the concern for design, color and value relationships, and the creating of dynamic shapes. Mel is a master at describing exactly what he is doing as he paints a wonderful painting of a Rhode Island Lighthouse.

*"The Figure in Watercolor on Location"* (2) (59 min) Mel has a fast and free method to paint figures.

**Iain Stewart** *"From Photos to Fantastic Painting Watercolor Cityscapes"* (108 min) Learn how to painting cityscapes from photos. You'll learn some great tricks for enhancing your composition by utilizing the elements of more than one photograph.

**Brenda Swenson** *“Sketching Techniques with Watercolor”* (2) (126 min) Nine chapters of learning sketching tools and how to plan your painting, followed with watercolor instruction to make your painting exciting.

*“Negative Painting with Watercolor”* (148 min) Negative painting is where the main focus is placed on the space around and in between the objects being painted.

**David Taylor** *“Looking for the Light”* (90 min) Light is all important to his work. He emphasizes the benefit of sketching before paintings of a variety of subjects of boats and buildings, a beach and a charming hilltop.

**Shirley Trevena** *“My World of Watercolour”* (2 hr.) Abstract – realistic UK artist.

**Elizabeth Tyler** *“Watercolour Realism – A Different Approach”* (75 min) Her paintings emerge as she works inside and out. She uses different methods and tools to achieve realistic paintings.

**Tony Van Hasselt** *“Fun With Figures-Adding Incidental Figures to Watercolor Landscapes”* (110 Min) Do your incidental figures become stiff additions to those nice loose watercolors? Tony begins with an incident; just a blob of paint and lets it suggest a figure, rather than having a preconceived idea of what the figure should be doing. He shows how to draw a figure by using alphabet shapes, and a 5 stroke method to paint the figure, and more....

*“The Building Blocks of Painting”* Turn your stumbling blocks into building blocks. The blocks are guidelines based on the experience of generations of masters in every painting medium and style. Tony has taken these principles, wrapped them into neat bundles and designed an instantly recognizable for each.

**Janet Walsh** *4-part series* - addresses some of the hurdles artists encounter & the thought process behind her decisions.

**Soon Y. Warren** *“Vibrant Watercolor Techniques Painting Silver”* (82 min) Use this video to make your silver sparkle – which is good for painting glass, too. From initial underpainting, to layers of colorful shapes – watch how Soon does it.

**Pat Weaver** *“Animal Portraits in Watermedia”* (1 hr. 49 min) Learn to emphasize shape and color from photos of animals. Learn to control value and managing moisture.

*“Watercolor Simplified”* (74 min) Pat demonstrates how to draw and paint simply and successfully in watercolor. From painting a lone figure sitting on some steps to completing a colorful selection of vegetables, you will be inspired to pick up a brush and follow along.

**Frank Webb** *“On Watercolor”* (53 min) 3-part DVD Go beyond the usual technical display to creative concept and design principles.

*“Using Your Head, Heart and Hand”* (90 min) Beginning workshop with important lessons for all levels.

**Dan Welden** *“Printmaking in the Sun”* As a master printer, Welden has worked with many renowned artists. In this video, Welden demonstrates the creation of Solarplate prints in both intaglio and relief.

**Mary Whyte** *“Watercolor Portraits of the South”* (120 min) Discover all that goes into her impactful portraits with a look at her full approach to creating a piece, including highlights from her painting process.

*“Mastering WC Portraiture with Mary Whyte”* (60 min) Master class will teach you to get started, paint eyes, skin, hair, and multiple subjects.

**Eric Wiegardt** *“Flowers Free and Easy”* (81 min.) A modern master of bold fluid brush strokes, Wiegardt leads you on a journey of anticipation as he paints one of his nationally acclaimed florals. This video includes a careful examination of his popular color mixing techniques and encourages the viewer to break away from the niggling detail habit.

*“Painting Loosely from Photographs”* How to create better, looser paintings. 6 DVDs (missing dis

**Eric Wiegardt** *(Continued)*

*“Painting Loosely”* (2) (96 min.)

**Sharon Williams** *“Watercolour Workshop”* (104 min). She will walk you through planning to final painting.

**Donna Zagotta** *“The You Factor – Powerful, Personal, Design in Opaque Watercolor”* (150 min) Discover the most interesting elements from your source material as you mold shapes and relationships.

**Joseph Zbukvic** - *“Atmosphere and Mood in Watercolor”* (90 min) - Impressionistic plein-air city and landscape painter that creates magical atmosphere and mood in his paintings.

*“Watercolor on Location”* (80 min) Joseph works quickly, allowing the watercolors to do their wet-on-wet thing to create a magical mood in his paintings

*“People at Work”* (110 mins) He selects a range of subjects capturing the heat and noise of the scene.

**Lian Quan Zhen** *“Sea Turtles”* (120min) This is a step-by-step demo showing Lian’s unique way of painting watercolor in composition, using masking, color pouring and blending and negative painting.

**Multiple author or group titles:**
