President's Message

Debbie Loyd, WSO President

I recently asked WSO board members what they loved most about WSO. It was hard to miss the common theme of **community**. One said that painting tends to be isolating and WSO helps with that. Another said that conventions feel like family reunions. Still another mentioned the joy of being able to “talk art” with fellow artists. Critique groups are also seen as a source of community.

We live in a time and a society with a great need for connection and community. Digital technology and political divides have led to increased loneliness and isolation. Covid made us aware just how important our relationships are. Covid not only kept us physically apart, but it created more technology and political division.

I think artists are natural connectors. We value authenticity and strive to express it in our work. We look for what makes something beautiful or meaningful to us, and we use design and composition to share that. In other words, we look under the surface. It's almost as if the process of painting begins the process of community. When artists come together, they have so much to share and talk about.

Sharing art is like sharing a part of us. In fact, Harold Osborne once said that the real subject of every work of art is the artist himself. We can't help but reveal parts of ourselves. We can't even sign our name without showing something of who we are.

It takes courage to be vulnerable. That's why we sometimes feel we are not good enough or our art is not good enough. We come together and find out that who we are is more than just OK. We share similar struggles, similar feelings, and have similar values. We support each other and encourage each other. This is community! I can't think of anything better than community that helps each of us become our best self!

Education Director's Report

Katherine Abdun-Nur, Education Director

I am so pleased to share recent updates and accomplishments from the past quarter, along with ongoing initiatives and upcoming opportunities for our members. **Our commitment to fostering creativity and learning within the watercolor community remains strong**, and I am proud to highlight the ways we have continued to support artists at all stages of their journey.

This quarter, we successfully updated and added content to the Education webpages on the WSO website. One of the highlights is an article by member artist and teacher Tess Myers, entitled "[How to Get Started in Watercolor](#)." If you are a beginner or early intermediate artist, you'll surely benefit from reading Tess's thoughts. Please also share it with your friends. You'll find it under the Education tab on the website.

Critique Groups are a great way to build and grow an art community. If you haven't seen it yet, our video, *Expanding Access to Critique Groups* is worth watching!! You can find it here: [WSO Critique Groups Video](#).

In addition, if your Critique Group is interested in booking a workshop or other educational opportunity, check out the [WSO 100 Club webpage for grant opportunities](#)! The 100 Club is a wonderful partner and supports our WSO members. Make sure to read their article in this publication.

We are actively working on establishing some online educational opportunities. Stay tuned!

Your enthusiasm and dedication continue to make the Watercolor Society of Oregon a vibrant and supportive community for artists. Please contact me with any questions, suggestions, or ideas for future educational offerings at: education@watercolorsofOregon.com

Keep creating!

New guidance for national competitions: A new page shares insights and helpful forms from a breakout session at our 2025 Fall Convention, led by several highly respected WSO instructors. It's designed to encourage and support members considering a national exhibition. Find these resources under [Exhibitions > Preparing for a national competition](#).

Expanded Education resources: The Education section has been significantly refreshed, with new material on Critique Groups and a brand-new page on *How to Get Started in Watercolor*. See all the new material under the *Education* menu.

Take a look – you might find something that makes your next step a little easier (and more fun)!

If you have questions about the website or suggestions for content, contact WSO's Webmaster, Dan Perich, or our Website Liaison, Carol Putnam. Please refer to the *WSO Digital Roster* for their contact information.

In Anji's workshop, participants will explore how the addition of ink can enhance paintings, adding new layers of texture, and visual interest. Participants will experiment with new techniques that bring depth and a professional touch to their artwork.

Techniques she will demonstrate include the mastery of pen strokes, integrating pen and ink with watercolor in new and proven ways including penning and printing with a leaf, stenciled backgrounds, and the characteristics of different inks including waterproof and non-waterproof India ink. Membership Director's Report

Jan Premo, Membership Director

A HUGE THANK YOU TO ALL THAT RENEWED BEFORE DECEMBER 31, 2025!

You will be in the 2026 Master Roster. Thank you all for your loyalty and follow through with a timely renewal. We will be preparing the list and proofreading the members that joined and renewed by December 31. Unfortunately, we still have a few "MIAs," but we will be generating an addendum when they renew to get their information online as well. The process of proofing and uploading to the website takes some time. When the process is complete, we will provide you with a link to access that WSO 2026 Member Roster. Reminder, FOR YOUR SECURITY, to access the online Roster you must have your current membership email that you use for our email communications.

We continue to grow each year and with new membership WSO evolves with new ideas and energy. Each one of you makes a difference, truly. We are always looking for members who are able to contribute to the organization with their time and energy. Please consider looking into opportunities that will help us continue to grow and evolve as a vibrant art community. We appreciate all the volunteers that are currently quietly giving of themselves. Consider being a part of that special group.

Also, for many of you, like myself, it is really important to access the many critique groups for your continuing artistic growth. Make this year the year of growth by becoming involved in critique groups. It is one of the best benefits and key supports for your growth as an artist. You will get the most out of your membership with WSO critique groups. We do not have the benefit of a meeting place most of the year (except conference), but we do have the ability to gain from the great talent of our 500+ membership by participating in critique groups. Thank goodness for our "Critique Zoomers" that run those groups — their time and energy is such a blessing to this organization.

I look forward to meeting you at the spring conference this year. Don't forget to consider submitting your work to get into the WSO Spring Experimental Exhibition. February 1, 2026, is the last day for online submission: <https://watercolorsofregion.com/spring-prospectus>. Or at the very least register for the conference with this link: <https://watercolorsofregion.com/conventions/spring-2026-registration>.

Fundraising for Artists' Success and Growth

Joy Nunn, WSO 100 Club President

Many of you may already know about the WSO 100 Club, Inc. but for those who are new or for those who might like a refresher here goes. The WSO 100 Club is the foundational fundraising organization for WSO and is a 501(c)3 organization making all donations to the WSO 100 Club tax deductible. The WSO 100 Club has a separate governance, with a mission to maintain and grow endowments to fund WSO's artists awards and educational programs. As such, it also has its own board of directors.

The 2026 board includes these continuing 2025 officers: Kathleen Riopelle (Past President), Ann Moore (Secretary), Karen Grandidier (Treasurer) and Suzy Carroll (Investment Director). We are fortunate to have one new team member, Pam Fortier (Vice-President). Pam was raised in Bend and worked in Camas, WA, until retirement. She returned to Bend and became a watercolor artist after joining Sage Brushers Art Society who also introduced her to WSO. As an active member she was determined to learn all about this medium and this organization. She was quick to notice the need for volunteers, and this year volunteered to become our VP. She wants to build WSO 100 Club's fundraising efforts and continue the success of prior conventions. As President, I hope to carry on with all that our previous President, Barb Hutchings, so skillfully brought to this position before me — growing the award and educational endowments and securing our ability to support WSO programs.

Thank you to all our members and supporters for a great and successful 2025.

Not only did we have two wonderful conventions, the WSO 100 Club also experienced a financially strong 2025 year due to the many donations made and the fundraising support of WSO members and non-members. We raised \$6,245, dramatically exceeding our annual goal, covering our program expenses and contributing to endowments. WOW!! The Spring and Fall Conventions had 46 raffle "giveaways" from 34 vendors, stores, studio instructors, and WSO members together with 69 hand painted cards contributed for sale by our WSO Fall 2024 and Spring 2025 Award Winning Artists. Critique groups contributed a total of \$3,355 to the Spring and Fall awards. The Annual Appeal campaign at the end of the year was successful, bringing in substantial operating income for our "general fund" and for the award and educational endowments. With so many causes out there, it is encouraging to know that **our donors continue to support WSO programs by their year-end charitable contributions to the WSO 100 Club.**

Looking Ahead

Mary Jo Vranizan, Convention Director

The convention venues have been booked for Fall 2026 and Spring 2027. The Fall 2026 convention booked in Welches/Mt. Hood Resort is just around the corner. **WSO desperately needs leadership for the Fall 2026 Convention to step up today to ensure a successful convention.** Please consider volunteering your talent to finish the job to ensure a vibrant and rewarding Fall 2026 Convention.

I am excited to announce the Spring 2027 Exhibit and Convention will take place at the new Corvallis Museum in downtown Corvallis, and the exhibit will display for 3 months. **WSO also needs to immediately identify Convention Chair leadership**

to guide the Spring 2027 Convention to success. If you live in the valley, it's time to jump in and begin designing the convention on behalf of your community.

Please consider volunteering for either the Fall 2026 or Spring 2027 Convention Chair roles NOW! Task checklists and a chair handbook exist to assist you. I am available with advice and guidance to get you started today. Successful conventions are key to the success of WSO and the enjoyment and education of WSO members. Please consider contributing your talents to keep WSO a successful art community!

The Medford Critique Group is providing the Convention Chair leadership for the Fall 2027 Convention. They will soon identify an exact location and venue in the southern Oregon area, such as Ashland, Medford or other suitable location in that part of the state.

Conventions in 2028 are wide open and ready for your leadership. It is never too soon for your critique group or you alone to offer your talents to ensure the success of the 2028 WSO conventions.

Also, consider volunteering NOW! for the WSO Convention Director role to replace me after the Spring 2026 Convention. I am available with advice and guidance to get you started in this leadership role as well.

Mary Jo Vranizan, Convention Director and 2026 Spring Convention Chair

Convention registration opens Saturday, February 21, at 8:00 am, and closes Saturday, March 14, at 8:00 pm. You will be able to register for all convention events and access wait lists using the link that will be emailed to you on February 21. After verifying your selections online, you may pay via credit card, PayPal, or mail in a check. Use the information provided on your confirmation sheet (which is emailed to you immediately after registration) for instructions on where to send your check payment.

You will be sent an email reminder about registration approximately one week prior to the February 21 opening of convention registration. Another email reminder will be sent on the morning registration begins — that email will have the link to register for the convention. Alternatively, you may register from the WSO website (under Conventions > Spring 2026 Convention > Registration) when convention registration opens to the public on February 23.

Remember to print your itinerary at home and bring it with you to the convention, as there will be no printed itineraries at the venue.

Tip: If you pay with a credit card or via your PayPal account, the applicable platform fees will be clearly noted at checkout. You can always pay by check to avoid any extra fees.

Convention Refunds

Per WSO policy, refunds are made only if a reservation is canceled within five days after the close of online registration, or in the event of serious illness, accident, or death in the family. All refunds, less a \$5.00 processing fee, will be mailed or refunded after the convention ends according to the original method of payment. The deadline to request a “no fault” refund for the 2026 Spring Convention is on or before March 20, 2026.

2026 Spring Convention

"The Intuitive Painting Mindset" Juror Workshop by Stan Kurth

Mary Jo Vranizan, Convention Director

In this workshop, you will become acquainted with the intuitive painting mindset. In her book *Mindset*, Stanford psychologist Carol Dweck proposes that human qualities are not fixed — they can be cultivated. People can grow and improve in any area, including sports, art, music, business, parenting, or relationships. This growth also applies to intellectual skills.

You will begin to shift from a fixed mindset that separates traditional representational painting from abstraction. It is entirely possible to understand and incorporate both approaches in your work.

Using various mark-making tools, watercolor, and gouache, lessons will begin without reference or preconceived ideas. You'll create paintings from arbitrary design elements and bring them to completion using principles of design. The goal is to develop a painting that aligns with your personal aesthetic — whether representational or nonobjective. The only criteria: no reference, and a willingness to let the process guide the outcome. Each day's lesson will vary from the previous day.

Artist and workshop instructor Stan Kurth embraces a growth mindset that permeates his life and his work. Stan has drawn and painted most of his life starting with a small oil painting he did when he was four years old. Now he adeptly straddles the line between abstraction and representation in his works featuring emotion-laden compositions, color, and edges. He has a Bachelor's degree from Northern Arizona University and enjoys Signature status in a number of organizations, and Master Signature distinction in the National Watercolor Society and the Western Federation of Watercolor Societies.

The fee for the five-day workshop is \$550 and it will be held in Riley Hall on the Linfield University campus, located in McMinnville, Oregon. This large conference room has natural light, excellent Audio-Visual equipment and a kitchen/breakroom for attendees to utilize. Parking is close by and there is an elevator for use to access this second-floor room. The workshop coordinator will have coffee, tea, water and light snacks each day. Linfield is offering a small dormitory building just for WSO workshop attendees, offering mostly double occupancy rooms, shared baths and a full kitchen at very low rates per night. Information for dorm lodging is in the lodging article. There are still openings for the workshop — see registration detail for more info.
