OPTIONS FOR SHIPPING TO THE SHOW

Artists shipping their paintings are requested to use UPS, Fed Ex, or other shipping service. Before packing your painting at home, please go online and set up an account with your chosen shipping company. You will be able to print the Pre-Authorized Return Shipping Label which you enclose in the envelope to be attached to the wire on the back of your painting. Once your painting is secure in a shipping box or crate (suitable for re-use), you can call the shipping company and arrange a date to have them come to your home and pick up the painting. Label all packing materials you wish to have returned to you.

If you take your painting to the shipping company for packaging and shipping, tell them you would like a Pre-Authorized Return Shipping Label. They will assist you with setting up an account and create the label. If possible, include the label in the envelope attached to the back of your painting or have it taped to the painting's protective wrap. Mention to the shipping company that no Styrofoam packing can be used in the shipping box.

Some shipping companies will apply the Pre-Authorized Return Shipping Label on the front of the box in a see-through protective envelope. Your Painting Check-In volunteers will be looking for the label in an envelope attached to the hanging wire, taped to the painting's protective wrap, or on the front of the shipping box.

If your painting will be returned to you, the painting will be taken to the shipping company and once the pre-authorized label is scanned, your credit card will be charged for the shipping.
